PRIMARY PRIVATE TUITION

PRIMARY TUTORS

Private Tutors Zambia provides tutors for all subjects and ages throughout Zambia at Primary Level learning fields. The purpose is to make sure that your child catches up or learns even better alongside his or her enrolment at a school or academy

The First Session is 100% Guaranteed.

Call us today for a no-obligation telephone consultation. If you decide you want us to work for you, we will carefully match your child with the right tutor. We are so committed

We offer private tuition to school going children in:

Lower Primary (Grade 1 to 4):

Reading and Maths Skills only

Upper Primary (Grade 5 to 6)

Reading, Writing and Maths Skills (Plus other optional subjects)

Our private tuitions mainly take place in the student's home setting but may take place at our premises

It is so easy to work with us! From day one, we designed In-Home Tutors Service to allow clients to quickly bring us on board and -- if desired -- to quickly disconnect without further obligation.

- We come to your home so you do not have to drive your student to a learning center.
- Tuition time is between 09:00hrs to 16:00hrs (a maximum of three hours in a day)
- We work around your schedule; you don't have to leave work early to fit in with our business hours.
- We can work during Weekends in certain circumstances.
- We never lock you into a long term contract. You pay only for lessons received in one month and may cancel at any time. There is no registration fee and there are no hidden costs.
- There is no requirement that each student undergo an expensive initial assessment before tutoring can begin. We are often able to have a tutor at your home on the same day that you call us.
- We use only qualified tutors with teaching experience and solid references.
- We carefully match tutors to your student's needs; many of our tutors specialize in teaching children with learning disabilities or ADHD.
- All tutoring is one-on-one to maximize your child's progress and eliminate any self-consciousness.
- We do not impose a curriculum or methodology on you. We base our tutoring on your child's school curriculum and text books and work with you and your child's teacher or counselor to identify where your child needs help.

Fees are charged as follows:

Tuition fee per month: ZMW 2,500.00 per child for one month
Transport for the tutor ZMW 60.00 per day (3 times per week=ZMW 180.00 and each session takes 1hr 00 min per subject) this included in the basic fee above

Tuition fees have to be paid one month in advance.

How Private Tutors Zambia Works

We work for your child's custom learning experience-There is no one-size-fits-all approach with Private Tutors Zambia. Successful learning requires a focus on the individual, to unlock each child's potential. At Private Tutors Zambia, your child's program is custom-tailored to meet his or her academic goals and needs.
Here's how it works:

- Our assessment provides valuable insight into your child's academic needs
- Then, we create a custom learning plan to address those specific needs
- Dedicated teachers keep your child engaged and motivated to learn
- Ongoing evaluations and program updates ensure learning is kept challenging yet never frustrating

Our teachers

Seeing your child achieve is as rewarding to us as it is to you. Private Tutors Zambia teachers are carefully chosen because they want to do more than just tutor your child. They share a love for teaching, and a commitment to support, encourage and educate every student.

Many Private Tutors Zambia teachers are members of your own community and teach in the local schools. This means they have an understanding of the local school's curriculum and can better link the lessons taught through Private Tutors Zambia with what's being taught in school. The personal attention that our teachers provide helps keep your child focused, engaged and motivated to learn. But don't just take our word for it, try it and discover its holistic experience for your child

Math

Multiply your child’s math skills with a customized plan from Private Tutors Zambia. With Private Tutors Zambia's help, "My daughter's approach to math has changed from 'I hate math' to 'Math is one of my favorite subjects."

We understand that every child learns math differently, and successful learning requires a focus on the individual. With Private Tutors Zambia's math programs, your child's custom learning plan will pinpoint the essential math skills needed to take math on with confidence.
Our custom approach to math tutoring will:

- Eliminate homework stress
- Improve your child's performance in school
- Build your child's confidence for success now and in the future
